

NEXT-TIME QUESTION

The centers of gravity of three trucks parked on a hill are shown by the dots. Which truck(s) will tip over?

NEXT-TIME QUESTION

The centers of gravity of three trucks parked on a hill are shown by the dots. Which truck(s) will tip over?

Answer:

The center of gravity of Truck A is not above an area of support; the centers of gravity of Trucks B and C are above areas of support. Therefore only Truck A will tip over.
